Kim Rance is an Indiana University graduate with a Bachelor of Science in Nursing. She has been a Registered Nurse (RN) since 1987 and she previously served as a clinical liaison for St.Vincent Seton Specialty Hospital before holding her current position as External Case Manager.

Kim's favorite part of being a Seton Case Manager is being able to help patients who need specialized care, but are limited by healthcare coverage and denied by other long-term, acute care hospitals. Kim feels fulfillment in the fact that she works for a hospital with a Mission to serve all of those in need.

In her spare time, she enjoys reading mystery novels, singing in a Christian music group, and spending time with her four sons.
