

The IV treatments you need. Outside the hospital.

ST.VINCENT OUTPATIENT TREATMENT CENTER.
EXPERT CARE THAT'S MORE CONVENIENT FOR YOU.

Nobody likes staying in the hospital. But for some patients with acute and chronic infections or diseases of the immune system, the need for IV therapy has provided few options. Until now.

At the St.Vincent Outpatient Treatment Center, safe, convenient and comprehensive IV therapy is available for many patients who might otherwise require lengthy hospitalizations. Care is provided by physicians and nurses specializing in infectious disease and infusion services, with the care and attention to detail you expect from St.Vincent.

The convenience of outpatient care. Provided in The Spirit of Caring.

At the St. Vincent Outpatient Treatment Center, the first goal is to provide infusion therapy to patients in a safe, efficient, and caring environment.

The center is designed so that expert care may be provided to patients who require infusion services, including patients with:

- Skin and soft tissue infections
- Wound infections
- Device related infections, including cardiovascular, orthopedic, neurologic, oncologic, and surgical
- Genitourinary infections
- Pulmonary infections
- Chronic conditions

Wound care and dressing changes may also be provided.

The center is open seven days a week:

Monday through Friday

7:30 AM – 12 PM and 1:00 PM – 5:00 PM

Saturday and Sunday

7:30 AM – 11 AM.

You may also reach a nurse any time during business hours at 317-582-8260.
