

St.Vincent Medical Group Community Access Program Rural and Urban Access to Health (RUAH)

Quarterly Executive Summary Q1 FY15 (July-September 2014)

RUAH Outcome Measures:

Pathways*:

Quarterly Total	Opened	Pending	Completed
Enrollment	562	403	237
Medical Home	145	107	46
Medical Referral	129	67	62
Pregnancy	53	51	2
Social Service	721	186	550

FYTD Total	Completed
Enrollment	237
Medical Home	46
Medical Referral	62
Pregnancy	2
Social Service	550

*A completed Pathway is a measurable variable and represents the successful resolution of the problem
i.e. Pregnancy Pathway Completion Step = Baby must be viable and weigh at least 2500 grams at birth*

Pharmacy (November 2002-September 2014):

- \$56.7 million worth of low/no cost drugs provided (based on average wholesale price)

*Pathways began in Q1 FY12

Purpose:

To connect our friends, family, and neighbors to a comprehensive, integrated delivery network of health, human, and social services resulting in improved access, and removal of barriers to needed resources.

Service Areas:

- Clinton County/St.Vincent Frankfort
- Howard County/St.Vincent St. Joseph Kokomo
- Madison County/St.Vincent Anderson Regional and St.Vincent Mercy
- Randolph County/St.Vincent Randolph
- Clay County/St.Vincent Clay
- Jennings County/St.Vincent Jennings
- Fountain and Warren Counties/St.Vincent Williamsport
- Hamilton County/St.Vincent Medical Group
- Washington County/St.Vincent Salem

Focus Areas:

- Outcome based community care coordination
- Health Access Workers: client advocates and system navigators
- Medication Access Coordinators: provide access to low or no cost drugs
- Medical Home management: directing individuals to the appropriate site of care in the health care continuum: i.e. primary care physicians and specialty care
- Access to language assistance services: interpreters and translations (core documents, key signage, etc.)

Collaborations:

Current

- AHRQ (Agency for Healthcare Research and Quality) innovator
- National Accreditation Guidance Council
- IDOH CHW (Indiana Department of Health Community Health Worker) coalition
- Managed medicaid pilot

Past

- NIH (National Institute of Health) study
- Federal CHIPRA (Children's Health Insurance Program Reauthorization Act) grantee
