

ST. MARY'S
Continuing Medical Education

Educational Linkage Chart: Connecting *Identified Needs with the Desired Results*

Title of CME Activity: _____

Date/Time: _____

Identified Needs (Gap) After analyzing the Needs Assessment Data, list the needs to be addressed by this CME activity. What should learners be doing differently?	Purpose/ Objectives List a purpose for the activity that accomplishes the specified needs OR list learning objectives for each need identified. They must be specific, measurable and bridge the gap between the identified problem(s) and desired outcome.	Methodology List the educational format(s) to be used to accomplish the stated objectives. For example: live lecture, panel discussion, focus group, etc.	Desired Results List the expected outcomes in terms of changed physician knowledge, skills, performance in practice and/or patient health status. What should learners be doing after this event? How will you measure these outcomes?
