

St. Vincent Child Care Services

Sick Policy

Illness & Communicable Diseases

As your child is leaving due to illness, we ask that you please read over our sick policy. It is important to follow these guidelines for the wellness of all our children!

Your child has:

_____ A temperature of 100° or greater (axillary)

_____ Diarrhea (three bouts)

_____ An undiagnosed rash

_____ Other symptoms _____

Your child must be fever/symptom free for 24 hours without the use of medication before returning to the center.

All infection control procedures state that children are still contagious while they have a fever. Please be sure to take the measures stated above to protect all of our children.

Please complete the appropriate medication form if La Petite will be required to administer any type of medication to your child upon their return to the center.

Thank you for your cooperation. Please see us with any questions.
