

PRIME For Life®

ST. VINCENT STRESS CENTER offers a 10, 12 and 20 hour education program for adolescents and adults focusing on alcohol and drug prevention and intervention. PRIME For Life® content is carefully selected to help people reduce their risk for alcohol and drug problems throughout their lives.

The program is nonjudgmental in approach reducing resistance to the life-saving information presented and increasing openness to change.

PRIME for Life is an evidence based program with documented research to support class content.

I believe in
opportunities
to begin again

STARTING OVER. With the right resources and guidance, it is possible to begin again. Drug and alcohol abuse can lead to problems that affect all aspects of daily life. However, with a sense of purpose and assistance from specially trained healthcare providers, change is possible.

St. Vincent Stress Center has been a trusted provider of mental health and chemical dependency services since 1982. We provide a comprehensive approach to care that serves youth, adults and seniors throughout Central Indiana.

8401 Harcourt Road, Indianapolis, IN 46260
